

Colorado Governor to Attend Desert Circus

Accepts Brown's Invitation

GOV. STEVE McNICHOLS

Colorado Governor Steve McNichols yesterday accepted an invitation from California Governor Edmund G. Brown to ride—side by side—with him at the head of the Desert Circus Parade here on April 4.

The Colorado chief executive wired Governor Brown that he would be able to attend the 23rd Annual Desert Circus celebration, which will spend its entire five-day run honoring the state with the mile-high capital.

BROWN HAD asked McNichols to act as co-grand marshal of the parade. The Coloradoan's answer indicated that only will he share that responsibility with California's newly-elected chief but will also head a 100-member delegation of distinguished Colorado citizens. Included in the delegation will be ex-Governor Dan Thornton, who will act as honorary chairman of the Big Top Ball, highlight of the social season here, one-time Californian Robert F. Six, president of Continental Airlines, who will be High Sheriff of the Circus, and other ranking citizens of the guest state, Ethel Merman, wife of Six, is scheduled to attend and so is Mrs. McNichols. The governor's secretary is expected to accompany McNichols.

SELLING CLINIC SLATED MONDAY

Armed with an official proclamation from Mayor Frank Bogert and the City of Palm Springs, Better Selling Weeks' get under way here officially at 7:30 p.m., Monday when "The Desert Sun" unveils its First Annual Retail Selling Clinic.

The symposium will be held in the auditorium of the Palm Springs High School.

Bogert yesterday issued the city's official sanction of the event with the designation of a two-week period to be known as "Better Selling Weeks" here.

THE MAYOR'S declaration noted that impressions gained by visitors of sales methods employed here would be "the more lasting" of their memories of the Village. He urged the community's business people to "exert a sincere effort to raise the quality of every contact in order to assure that every impression will be a good impression."

Timed to coincide with the mayor's proclamation is The Desert Sun's Retail Selling Clinic, which will utilize five 15-minute films and a number of widely-known business executives in accentuating the need for upgrading of all sales techniques.

THE CLINIC IS under the overall direction of Morris I. Pickus,

president of the Personnel Institute Incorporated and originator of the widely-imitated Tele-Clinic series.

Aimed at providing a valuable service for all retail merchants and clerks in the Village, the clinics—which normally cost \$6 per session—is being offered free here and the cost of the program being borne by The Desert Sun.

Because of the conflict with the regular meeting of the Palm Springs Retail Merchants Association, that organization has cancelled its meeting and will attend the clinic as a group.

TICKETS FOR the symposium, which are free, are available at The Desert Sun offices in the Center here. Tickets are being issued to control seating of the mass of retail personnel who have already indicated they wish to attend. Some of the Village's larger retail establishments have already indicated that they will send their entire personnel to the clinic.

Pickus intends to point out—utilizing the film which was produced at a cost exceeding \$100,000—the defects common to present day sales techniques, the huge cost involved in allowing it to continue, and the methods through which some of the defects can be eradicated.

Wintry Weather Moves Into Three Western States

United Press International Winter kept its blustery grip on the nation Saturday as several Western states dug out from under a new onslaught of snow and wind.

Up to three inches of new snow fell on Wyoming, Colorado and Utah late Friday night, with the storm reaching near blizzard proportions at Hanksville, Utah, where wind gusts near 70 m.p.h. were reported.

ANOTHER THREE to four inches fell in central Pennsylvania,

but above-freezing temperatures quickly turned the snow into slush which in turn touched off a rash of minor auto accidents.

Light precipitation was reported in the far Northwest, the northern Rockies, the eastern Great Lakes region and parts of New England.

BUT CLEARING skies and warming temperatures helped clear away much of the snow that crippled the East earlier this week and the weather bureau forecast more warm and fair weather for the Eastern Seaboard.

Name Adopted

Bowling Alley First for Center

Palm Springs' first regional center, a Ray Ryan and Seeterra, Inc., development near the city's rapidly burgeoning civic center, has adopted the official name of Palm Springs Shopping Center.

This was disclosed yesterday in an announcement made public by Ryan on behalf of himself and the center's co-developers.

Ray also stated that a 16-lane modern bowling alley, expandable to 32 alleys, will be the first unit to be erected by the center. It is expected to be ready for bowlers in October.

LOCATED AT THE northwest corner of the center, with a main entrance facing on McCallum Way, the bowling alley is a key feature of the center's overall plan, according to Ryan. The plan is designed to make the Palm

Springs Shopping Center an outstanding recreational mecca for local residents and visitors from surrounding communities, and towns stretching westward to Redlands and eastward to Blythe.

The center is giving Palm Springs another noteworthy first in the form of an ice skating rink. Details concerning it, Ryan announced, will be disclosed as soon as engineering problems are ironed out. The building will be so designed as to accommodate convention and civic meetings by conversion to a 2,000-seat auditorium.

CIVIC CENTER development historically demands commercial facilities," said Ryan. The Palm Springs Shopping Center is, in effect, fulfilling this demand. Because of its ample and safe parking, See BOWLING ALLEY, Page 2A

Ike Expected To Ask Firm Berlin Stand

President to Try Convincing Nation Berlin Worthwhile

WASHINGTON, AP — Officials said today they expect President Eisenhower, in his Monday address to the nation, to call for firmness and courage to meet the Soviet threat to Berlin.

They acknowledged that the President, among other tasks, faces the necessity of convincing the people and U.S. allies that the issues at stake are worth the stern stand being taken by the United States.

WHITE HOUSE Press Secretary James C. Hagerty announced Friday that Eisenhower would speak from his office from 6:30 to 7 p.m. (p.s.t.), Monday over all radio and television networks. The potential audience is 50 million persons.

It will be the second time in less than seven months the President has made a nationwide radio-TV address on a world crisis. Last Sept. 11 he used the media during the Formosa Straits crisis to rally public opinion behind his "no appeasement" policy.

THE PRESIDENT has spoken of "perilous consequences" if the Russians try to force the United States, Britain and France from their Western sector of the former German capital.

State's Sheriffs To Meet Here For '60 Conclave

Palm Springs has been selected by California sheriffs as the site of the 1960 California State Sheriffs convention, according to Riverside County Sheriff Joe Pice.

Voting for the location against San Bernardino and Long Beach, Rice left the convention at San Mateo victorious after the group said they would rather meet in Palm Springs next year.

The convention dates have not been set, but will be in March. Sheriff Rice was backed in his appeal to hold the convention in Riverside County by local hotels, the Chamber of Commerce, and the city.

Macmillan Gets Support For Proposals

Leaves Tuesday For Talks in U. S. With Eisenhower

LONDON, AP — Prime Minister Harold Macmillan's visits to Paris and Bonn were said today to have assured him of French and West German support for the proposals he will advance in his important talks with President Eisenhower next week.

Informed quarters said Macmillan achieved basic agreement with French President Charles de Gaulle and German Chancellor Konrad Adenauer despite differences of opinion on some details.

MACMILLAN LEAVES Tuesday for Ottawa and Washington to round out his tour of Western capitals.

The prime minister may have some difficulty in winning over Eisenhower, who is considerably less enthusiastic than the British leader about the idea of summit talks.

The U. S. president also has questioned the practicability of Macmillan's Kremlin-approved plan for breaking the nuclear-test deadlock, details of which have not yet been made public.

OBSERVERS HERE speculated that Eisenhower also may share de Gaulle's doubts about Macmillan's plan for step-by-step disarmament and Adenauer's questions about the British prime minister's ideas on atomic and military disengagement in central Europe.

Disney, Mae West To Aid Animal Shelter Benefit

Walt Disney and Mae West will join forces at Chi Chi here Monday night in an attempt to raise funds for the construction of an animal shelter for the Palm Springs Animal Protective League.

Autographed copies of cartoons of Disney's most famous animals will be sold at auction—and the fabulous Mae West will entertain in her regular Chi Chi show.

Also on the agenda for the \$15 dinner and show is a special feting of a desert resident and pioneer.

ROB HOPE ISN'T TRYING to become the 51st state—he's just helping a couple of cuties plug the Waltham Clarke Hawaiian Fashion Show that is scheduled to make up the opening segment of the 10th Annual Palm Springs Police Show at 8:15 p.m., March 21, in the high school "quad." Police Benefit Ducats Selling At 'Brisk' Pace

Demand for tickets to the 10th Annual Police Show next Saturday night at the Palm Springs High School is the most brisk in history, according to Sgt. Dick Harries, Police Association president.

"It may well be a sell-out two or three days before the event," Harries said. "We may only sell tickets for as many persons as we can accommodate. Evidently the reputation of the show has become nationwide as we are getting requests for tickets from all over the country. Many people have written stating they will time their visit to see the show."

Police Start Extensive Search for Missing Man

Palm Springs police today are conducting an extensive search for 50-year-old William Hawk, room service captain at a local hotel, who left his home at 6:15 a.m. Monday, and has not been seen since.

Police Lt. Robert White said that no one has seen Hawk since he told his wife that their car would not start and left walking to his job at El Mirador.

A RESIDENT of Palm Springs since October 1957, Hawk and his wife have two children. According to his wife, he has no other relatives.

He is described as being 50 years of age, 6 feet tall, weighing 155 pounds, black graying hair—receding, brown eyes, and when last seen was wearing a gray coat, black pants, white shirt, black cummerbund, and black shoes and tie. He may have been carrying

Deposits Sought By Blood Bank

The monthly visit here of the Riverside-San Bernardino "Two-County Blood Bank" will be held here Monday, officials said yesterday.

The "bank" will be open for deposits from 11 a.m. until 1 p.m., Monday, at Desert Hospital. All desert area citizens are urged to visit the blood bank and help keep the Palm Springs "balance" in the black.

FINAL SHOWING OF 'OKLAHOMA' TO BE TONIGHT

Final showing of Rogers and Hammerstein's musical hit "Oklahoma" will be presented by 100 high school students at 8 p.m., tonight, in the Palm Springs High School Auditorium.

Initial presentation of the tunnel production drew more than 1,000 Villagers to the auditorium last night.

The cast features the singers and dancers from a high school student body, directed by Instructor Alex Hammond. The high school orchestra, under the baton of Instructor Gustave Patzner, furnishes the music.

Admission is \$1, which is directed to student funds.

Jets Factor In Suggested Relocation

Airlines Prefer 'Consistently Good' Weather of Village

Establishment of a new airport here—where the scream and roar of jets will not bother desert residents—was advanced by the Palm Springs Airport Planning Board here last night.

The board advocated the measure after Joseph S. Marriott, airport commissioner for Riverside County, indicated that Thermal was being considered as an alternate landing area for landing Los Angeles-bound aircraft in the event of fog or smog closure of Los Angeles International, Burbank or Long Beach airports.

MARRIOTT INDICATED that most of the airlines had already listed Palm Springs as a preferred landing area because of "consistently good weather."

But, he added, major airlines have all changed over to jet or turbo-prop engines, noise would then be a very important factor. It was the consensus of the board that residents would not like the noise.

Under the chairmanship of Maj. Gen. Victor Bertrando, members of the board began discussing the possibility of instituting an "industrial survey"—with the help of the Riverside County Board of Supervisors—to find out whether an airport district could be formed to establish an airport further out in the desert, perhaps in the area of Date Palm Drive and Ramon Road, which could serve the entire Coachella Valley area.

ANOTHER MATTER under discussion at last night's meeting of the Airport Board was the possibility of establishing a complete traffic control and communication system at the present airport, augmenting radio control of landing directions with a complete weather station.

Marriott told the group that he believed that Palm Springs could make an aerial traffic survey and then apply to the federal aviation agency in Los Angeles. If the city qualified for the system, Palm Springs would build the tower and it would be named by FAA personnel.

BOTH MAYOR FRANK Bogert and Vice-Mayor Ted McKinney were present at the meeting and asked the board to make definite recommendations to the City Council on whether the airport should be kept where it is or moved, and whether the present lease of the airport to Aero-Palm Springs should be written for the full term of the present lease between the city and the Indian Tribe, which expires in January of 1965.

On Monday

Board to View 10 Desert Items

MAE WEST, the fabulous "Diamond Lil," whose "Come up 'n' see me sometime" became a household phrase throughout the world, will unveil her new cafe act, complete with muscled Adonises, dancers and singers, at the Chi Chi Starlite Room Sunday, for one week preceding her Las Vegas date. In addition to her racy wit, come-hither wiggle and seductive charms, Miss West will display a new \$25,000 wardrobe by the nation's top couturiers—and probably even some of her last year's diamonds, emeralds and such. Comedian Harvey Stone, a top favorite with nitery audiences in New York, Miami, Las Vegas and Los Angeles, completes the Chi Chi bill.

P.D. PLAYERS SET NEW PRODUCTION

PALM DESERT — "The Mouse Trap," a mystery thriller by Agatha Christie, second production for 1959 of the Palm Desert Players, will be presented March 19, 20 and 21, in the Player's new location—the east wing of the Palm Desert Shopping Center.

Adapted from the novel, "Three Blind Mice," by the same author, "The Mouse Trap" has as its setting an English manor house during a thunderstorm. Eight people who are all indirectly connected with a scandalous maltreatment case of previous years, in which a murder was committed, are thrown together. A second murder takes place; the seven remaining characters are under suspicion and the raging storm finally isolates the residence.

"THE MOUSE TRAP" is directed by Ben Jutzi, formerly associated with the Houston Little Theater and with the internationally famous Alley Theater. Director of two previous mysteries, "Dangerous Corner" and "Ten Little Indians," Jutzi has also acted professionally with Eddie Dowling's Houston Players and with the Lyric Theater of the same city. Leading roles are being portrayed by Janet Wullner, Edward Stepan and Deanne Tummel. Miss Wullner has just finished a featured role in the Palm Springs production of "The Dairy of Anne Frank," for which she received critical acclaim. Following an apprenticeship with summer stock company in "Midsummer Night's Dream," "Man and Superman," and others, she appeared with the Pasadena Town Hall Players.

ED STEPAN played the leading role in "The Valiant" and "Dark Eyes" while he was attending Northwestern University in Chicago. He also appeared in a musical presentation of Sigmund Romberg's "Up in Central Park" in Florida.

Deanne Tummel, a graduate from the University of Dubuque, has acted in high school and college productions and is a new-comer to the desert.

Featured roles will be played by Constance Holland, Thomas Cook, Carolyn Cooke and Will Thorne. Seat reservations for the performances may be obtained by calling Kai-Loa Shop, Carpenter's Furniture, Grace's Sports Wear and Services Unlimited. These reservations will in turn be telephoned to the box office prior to each production.

During Easter

Extra Sheriff's Patrols Planned

With the approaching Easter vacation season, Sheriff Joe Rice announced that additional patrol cars will be assigned to the Thousand Palms, Palm Desert, Cathedral City and Desert Hot Springs areas.

The county curfew ordinance will be strictly enforced, Rice said, and juveniles violating this ordinance will be detained until their parents arrive at the place of detention. Violations of other laws and ordinances, state liquor violations, disturbances of the peace, malicious mischief, etc., will be met with appropriate action.

Rice emphasized that the sheriff's department welcomes the vacationing students to the desert areas, but when the rights of others are violated disciplinary action must be taken.

Parents should be aware of the dangers involved by sleeping in automobiles and camping out, he said, and should be certain their children have proper accommodations and adult supervision before they are allowed to stay overnight in any of these desert communities.

The cooperation of parents and students in making this a happy Easter season will be greatly appreciated," he said.

PASSENGERS LAND SAFELY—3 HOURS LATE FOR LUNCH

A group of passengers aboard Bonanza's 11 a.m. flight into Palm Springs wound up about three and a half hours late for lunch yesterday.

The plane, making standard approach to Palm Springs Airport, failed to get a clearance light signaling that its landing gear had locked in down position. The pilot took the plane back to Burbank where, although the light still failed to give an okay, the plane landed without difficulty.

Bonanza officials described the incident as a malfunction of the signaling equipment.

The passengers of the aircraft, transferred to another airliner, arrived in the Village at 2:15 p.m.

Rosicrucian Desert Pronaos To Meet Sunday

DESERT HOT SPRINGS — New officers for the Rosicrucian Desert Pronaos will be installed in ceremonies scheduled for 2 p. m., March 15, at the Improvement Association Hall.

New officers are Grady Thomas, master; Ruth Weber, secretary, and R. R. Reynolds, guardian.

Installation ceremonies for the Rosicrucian Order, a philosophical fraternity, are patterned after ancient Egyptian rites commemorating the beginning of the new year, at the vernal equinox which usually occurs about March 21.

Tom Winsborow, outgoing master, said the ceremony also marks the beginning of the fiscal period for all segments of the Rosicrucian Order.

Soviet Growth Greatly Exaggerated

The impact of Soviet success in outer space, missiles, rocketry has resulted in a great volume and velocity of commentary and stories on the growth inside the Soviet Union. Most of the conclusions we read and hear are greatly exaggerated.

Every nation of the world we cover has had growth, not just Russia. Some have had greater growth than Russia.

IF WE CONCENTRATE on space research, we must admit that Russia has achieved greater success by applying the greatest percentage of her resources money, man-power and research in that direction. Germany, by concentrating on consumer industrial production, has had a greater success than Russia, or the United States, percentage wise.

The Soviet Union has increased its production capacity, but so have we. When we were last in Russia, Pravda announced that Soviet production was about 40 percent of U. S. production. Our own economists estimate that it is less than 30 percent. Production per worker in Russia is less than one-eighth of an American worker.

RUSSIA CANNOT sustain the same space research growth in the next five years as she has in the past five for lack of money and for the necessity of increasing food production and civilian goods. This was one of the main

reasons for Mr. Mikoyan's trip to the U. S.—to try and persuade us to extend Russia a billion dollar loan to be used for purchase of consumer goods here.

It is true that the Soviet Union has risen from about fifth to second place among the industrial nations of the world. Russia is the largest nation in the European periphery and the second largest in the Pacific. Her 225 million people and over 9 million square miles of land mass, resources, etc., is reason enough. Her concentration on industrial production and success in research to outer space make her a formidable rival.

We cannot afford to shrug off this success lightly. But neither can we afford to exaggerate Soviet growth, with out a careful evaluation of its application over the whole area of its national product, not just certain areas of heavy concentration.

THE FACT THAT the Soviet Union moved up to second place in industrial production does not suggest that it dangerously threatens U. S. superiority. It simply means that the Soviet Union passed Germany, Britain, Japan and France, which were devastated by war and which normally could not be expected to indefinitely continue to be ahead of a nation with as much as five times the population and 50 times the area.

U. S. production more than doubled Russia's production in nearly every category. Escaped Russian economists told this reporter in Europe that while Soviet production has risen from fifth place in 1913 to second place in 1958, it was done by forcibly diverting millions of its citizens from farm to the industrial labor force. In recent years food has been scarcer.

AS A MATTER of fact, these Russian escapees, formerly in

industry, farm and business inside Russia, report that on the basis of present population, production and income figures, the Russian citizen and consumer is no better off in 1958 than he was in 1913.

From our own recent observations in areas removed from the large Russian cities . . . like the Ukraine, along the Volga-Don Canal, around the rural areas of some 3,000 miles from Moscow to Stalingrad to Kiev, housing and living conditions are just as primitive and backward as we first saw them on our first assignment to Russia in 1931.

THERE IS CONSIDERABLE growth around the big cities inside Russia . . . new housing units, new factories, newly paved streets, new cars, new facilities for travel. There are more civilian goods, but far short of the need. A Russian has to wait several years for a toaster or TV, unless he is a part of the favorite class of scientists, engineers, skilled workers, party members. Outside the big cities most of the country roads are still unpaved. From a boat along the Volga-Don Canal we saw people living in holes on the side of the river banks. We saw appalling poverty all along the route.

Some of the Soviet factories are modern . . . but not modern in comparison to ours. Most of the factories are old and in bad need of repairs. Their missile and rocketry plants are the most modern, most of them transported from Germany, stock and barrel. German identifying marks are still noticeable on the machines and mountings.

In discussing Soviet growth we should not overlook the fact that we, too, have had remarkable growth. . . and so has the Free World. — John Morley

Clark (D) and Scott (R)

WASHINGTON, D. C. — Pennsylvania's two U. S. Senators—Joe Clark (D) and Hugh Scott (R)—make pretty good signposts of our times. Which road will the country choose for what remains of the Eisenhower Era?

Clark points leftward down the lane with gaudy billboards showing slogans of Share America and soak-the-rich. Scott points left-of-center along an indifferently lighted street which is lined with service stations for business and hot shoppes for the refreshment of the underprivileged.

In a day when the broad and sunny highway of conservatism seems to be closed for repairs, the practical choice is often between Left and Left-Center, as follows:

IN A SENATE speech the other day Clark urged that we hike the \$77 billion budget by an additional \$4.1 billion on foreign and domestic spending, and this was the gist of his argument—"The simple duty of the rich is to help the poor."

By the rich, he meant this debt-ridden, over-taxed, war-weary nation which is better than \$280 billion in the red and living an estimated \$13 billions above its income for the year. By the poor, the Senator meant, of course, "the u. committed nations of the world . . . in Asia and Africa . . . Latin America." Upon these he would lavish not just our money, but the meddling bureaucracy of "the ICA, the USIA and the CIA."

AMONG The domestic poor folks, Clark listed teachers, pupils, States, municipalities, localities, veterans, college students,

housedwellers, "depressed rural and industrial areas," the unemployed, the ill, the aged, the farmers and even that hard-luck generation post-Korean veterans' who never smelt gunpowder.

All these poor folks at home and abroad, would naturally get continued or additional Federal aid, but the Senator shunned the practiced thought of paying for it with higher taxes. Instead, true to the codes of Liberalissimo, Clark proposed that we "increase the staff . . . charged with enforcing tax laws . . ." and crack down on "the inflationary movement (which is) centered in a few concentrated industries." It is the familiar New Deal formula of increased Federal authority to bust business.

IN OTHER TIMES than ours, the opposition to the Lunatic Left was to be found in Old Guard Republicanism. But today, the choice does not really include a strong Right Wing position. Senator Hugh Scott differs from Joe Clark only in part. But the truth lies in fine distinctions, like this:

Scott has introduced a depressed area bill which calls for \$200 million, entirely in loans, while Clark is backing the Douglas bill which asks for \$375 million, partly in grants. The Scott position is for emphasis on local contributions, and on a frank appropriation of the money. The Clark position calls for less local participation, easier terms and a large amount taken from the "back door" of the Federal Treasury rather than from current taxation.

SCOTT HAS backed Federal

public school construction and Federal college loans, both in modest amounts. Clark is supporting the Murray education bill which, by 1962-63, would give public and private schools \$100 per pupil (that is, \$11.8 million per year) for construction and teachers' pay. Both Senators supported the current Housing bill as it passed the Senate, but Scott helped to vote down a Clark amendment of \$450 million for slum clearance.

The comparison could be extended into many fields, but this much will suffice to make the point. We have here two men who, like their two parties, are rather similar and yet are not identical or exchangeable, as we often say in haste. Both Pennsylvania Senators are long on personality, strong on conviction, heavy on the pending and all-too-susceptible to the lure of social welfare as a political opportunity.

YET THE DEMOCRAT brandishes an iron fist at business, while the Republican is far more business-minded and business-like. The Democrat is more the internationalist, the Republican more the nationalist. The Democrat is an evangelist who thinks that we are a "rich country" with a duty to level-down our wealth for "the poor" abroad as well as at home. The Republican, while not without a social conscience, is inclined to cut his charity to fit the national purse.

The two Senators, close neighbors and fairly good friends, come very near being personifications of the Democratic and Republican parties of today.—Holmes Alexander.

The adman is a mighty guy, Who tells us what we want, But there are some to whom I'd say, Get out, be gone, avaunt!

When you think about it seriously, advertising plays an important part in our lives.

One minute we haven't given a thought to a certain article. Then we read (or listen) to what an adman has to say about it and—we just have to have it.

AS A RULE, I like admen (and women) because of the things they do to make life better, add to our conveniences and all that. But there are some who cause me to see red, say the bad word and ruin my disposition for hours on end.

And I'm not talking about television commercials right now.

THE ADMEN (in this case, it's mostly adwomen) who rile me and cause me mental anguish are the never type. The kind who use the telephone to present their sales pitch.

You have just tucked your feet under the table preparing to attack a thoroughly appetizing meal or you are in the middle of a TV thriller or sports event or, having gone to bed early, you are just sinking into welcome slumber — and clang goes the telephone.

YOU DECIDE that maybe it's not important and the caller will hang up.

But it keeps on ringing and so you think it must be long distance.

So you answer while your dinner grows cold, the hero bops the villain or somebody hits a grand slam homer. That or else that beautiful dream just about to begin, ends as you stub your toe grouping for the telephone.

AND THE PERSON at the other end asks:

"Have you given serious thought to your future? Do you want to wait until it's too late?"

"I am in a position to sell you several lots cheap in Garbage Hill cemetery. And for just—"

Then you regret saying that and hope they won't take out your telephone.

THIS TELEPHONE ad solicitation, to me, is the most dastardly intrusion into the commercial world that has been devised. You have no protection except to hang up but then, the damage has been done. The food's cold, the thread of the TV show is gone, et cetera.

I still think that advertising on the printed page is best. It doesn't interrupt like TV or other media.

You can read the ads at your pleasure, save them if they are that important and they don't come striding right into the middle of an interesting news article or story.

YES, THE advertising man and/or woman plays a vital role in our pleasant way of life. They save us a lot of looking and running around by telling us what's what and where it is.

But these people who do not pay to get their ads across, except possibly their phone bill — Like it says on the comic page, there ought to be law.

STAN DELAPLANE'S Postcard

The other night being warm as Spring, we had dinner at Tinel-lo's alongside the brown and worn Roman wall. And then went down to pay a call on the cats of Rome. Hi, cats.

There are thousands of homeless cats in Rome. They live in the ancient ruins. In the Forum, in the arcades of the Pantheon where the Kings of Italy lie in eternity. They come galloping across the moonlit floor of the Colosseum.

"IN ROME," SAID the taxi driver, "we do not keep cats in our homes. For all Rome is made of apartment houses. We do not have yards."

"We do not keep cats or dogs. So our pets are the wild cats of the ruins. They are for the lonely ones."

The cats are only part wild. You cannot pick them up. But they come to take food from your hand.

EACH EVENING in the old, cobbled squares comes a procession of people. Most of them are elderly and poorly dressed. They carry little packages of food.

They stand under the great pillars of the pagan temple built by Marcus Agrippa, calling: "Pst! Pst!"

The cats come running out of the dark. And the lonely ones unfold their scraps of newspaper and feed them. Singing out favorites: "Not you. You had your share last night. Pst! You, come here."

THE CAT DRIVER did not know how long the cats have been in Rome. "Hundreds of years. Always."

"During the war the cats disappeared. The people ate them. They appeared on the menu as hare. When you saw rabbit on the menu, you said: 'Aha, another cat.'"

"After the way they came back. No, no, no, I do not know from where. For a time there were no cats. Then one day, it seemed there many, many cats gain."

The cats are sleek and fat. They nest and raise their kittens on old window ledges and under corners of Roman walls.

ONE OF THE BEST places to see them is in Piazza Vittorio, near the great market. The north corner near the fish and meat stalls. Alongside a little building that carries a formula for making lead into gold.

Queen Christina of Sweden had it carved there for posterity. The eccentric Queen picked up the formula from a stray alchemist. I suppose it did not work out. But she carved it on the little wall anyway.

THE CATS SIT around, washing their faces and studying the little inscription. I imagine remarking: "Anyone got a little lead? And a Philosophers' Stone? And a couple of lire worth of camphor? I might make me a little gold."

I went down to the Piazza at the Pantheon. A most comfortable place to see the cats. You can sit at a little sidewalk cafe and drink cappuccino and hear the juke box hit "Clao, Clao, Bambina."

The music soars into the velvet Roman night. And all the cats sit under the enormous pillars and mew in sympathy.

THERE IS ALSO a King of Cats," said the taxi driver. (He was having a cappuccino with me for Rome is a friendly town.) "I do not say this myself. It is what the old ladies say who feed the Roman cats."

"He is enormous and black. He lives near the Farnese Palace in the Campo dei Fiori. And you must know, signore, it is there the Holy Office burned heretics. Some say the King of Cats is Satan himself."

"HE IS SERVED by seven pure white cats who are his counselors and servants. And all cats of Rome pay tribute to him. That is why the cats live in ruins and have no masters."

"They say," said the taxi driver, "that when Holy Rome falls, each cat will seek a master or mistress and the King of the Cats will direct them how to rule the city."

"The cats sat under the pillars that once housed the Roman gods. Probably dreaming of the good days to come."

"You're making this up, Adele! . . . I never heard of TV breakfast!"

EARL WILSON:

Have Dogs More 'Horse Sense'?

NEW YORK—The B.W. and I have had dogs the 23 years we've been married, so she was very glad to have me smoke out "Gunsmoke" and ask Dennis Weaver, one of TV's top horsemen:

"Of the dogs and horses you've worked with, which are the smarter?"

"Dogs," instantly replied the ex-athlete from Missouri and Oklahoma who feigns a limp on the No. 1 western.

"Then horses don't have horse sense?"

"Dogs are better actors. They can do things horses can't. Horses as a rule can't do anything but be ridden!"

"But," said Weaver (who once upon a time lived over a night club on 32d St. and later was a Bronx cowboy, living on 146th St.), "horses lead a rough life in the Hollywood TV studios — although it's better now than a few years ago."

"They used to be brutal to horses," he said. "They would tie a wire to a horse's leg and make it run. When it came to the end of the wire, of course it would trip."

"Now they use trained falling horses—which fall without hurting themselves."

"But there are devices used for softening the fall?"

"Yes," admitted Weaver, or "Chester," as he's known on the program. "They spade the ground where the horse is going to fall—so its loose. Or they may use mattresses or foam rubber, covered over with dirt, but that's mostly for the men to fall on."

Weaver failed to pay a tribute to the stunt men who sometimes double for the stars, especially at taking a fall from a horse.

"They get \$150 for a saddle fall, and if there should be eight or 10 takes, they get \$150 for each fall."

"So a stunt man could make \$2,500 in one day. I'm sure the stunt men in the 'Ben Hur' chariot races made a fortune. A saddle fall is very simple—yet in

Mississippi recently a stunt man working with John Wayne, John Ford and Bill Holden hit his head on a rock. He was killed."

A track star at Oklahoma U., Weaver led his squad to national championships, then got into Actors Studio here, landed a Hollywood contract, and later got his release because he felt Rock Hudson, Tony Curtis and Jeff Chandler got better roles.

"Gunsmoke" in over four years has shown millions of people he's a fine actor—now in Hollywood he heads the Dennis Weaver Actors' Workshop.

"But in my work I have to make a study of horses," he said.

"So where do you do that?"

"At the racetrack. I only got the \$2 window."

"Some people who don't like dogs claim they're only loyal to people who feed them—they're not really smart," I said. "They will go to the last person who gave them food."

"I would say that's very smart!" said Weaver.

Weaver was recognized the moment he landed at Newark Airport here. A cab driver asked him in great excitement just what TV uses for blood in the fighting scenes.

"Chocolate syrup," he confessed.

EARLS PEARLS . . .

An unhappy taxpayer tells us a local tax office has a sign that reads, as you enter, "Watch Your Step." And as you leave you can read the other side: "Watch Your Language."

Lisa Kirk reports business in one of the sidewalk stores is so good they've ordered a bigger "Going Out of Business" sign.

WISH I'D SAID THAT . . .

Coleman Jackson bought several shares of titanium stock at 45c, and a friend asked what titanium was good for. Coleman snapped, "If they knew what it was good for do you think I could buy the stock for 45c?" . . . That's earl, brother.

MIKE CONNOLLY:

Old Westerns Never Die

HOLLYWOOD — I enjoyed everything about Pete Lawford's party signaling the final day of shooting on his current cycle of Thin Man segments except the dessert. Pete staged the party on Stage 9 at Metro and had it decked out cleverly, like a chamber of horrors; funeral wreaths for decorations, waiters dressed as convicts, etc., all following the format of his show. But when they rolled out that cake shaped like a life-sized corpse, that's when I cut out!

Old Westerns never die, they get replaced by others and then they go out and find themselves a new bankroller: NBC-TV has axed its Cimarron City series and ordered a new one, Laramie, for next season. Revue Productions is on the prowl for a new Cimarron sponsor, with the same stars—George Montgomery and John Smith.

WEEP NO MORE over those unfounded stories that Montgomery's mate, Dinah Shore, won't be back on the beam: Chevy Chase has renewed her for another FULL 32 weeks. Dinah's new deal, I hear, calls for her services in three shows a month with the usual subs in between.

Lucille Ball's task: "One of the things about TV that disturbs me is the number of great comedians who are going dramatic—Red Buttons, Jack Lemmon, Jackie Gleason, Mort Sahl and all the rest. Where are we going to develop new comedy talent?"

"What would you like to do?" Said she: "Are you kidding—remember me, the kid who tested for Scarlett O'Hara in 'Gone With The Wind' and lost it to Vivien Leigh? I'd LOVE to play a dramatic part!"

PERRY COMO, as you probably know, is scrambling his Saturday night prime time this coming fall for some Wednesday night Kraft Kapers—but who replaces the practically irreplaceable Perry? The NBChatter is that it's between these three: Steve Allen (to get him away from that rrrrrrough Sunday competition), Jack Paar (to shake him out of his Your're-working-too-hard blues) or a live dramatic series along the lines of Playhouse 90.

Speaking of 90, that Non-Plus- Ultra of the Big Timers has long said nix to the pleas of Gig Young's Agent. But now that Gig has won an Oscar nomination for "Teacher's Pet," the 90 nabobs are needing Gig to do a show. Pre-"Pet," Gig's price was \$2,500 per show, now it's \$10,000, thanks to good ol' Oscar—but the network necromancers are romancing him anyway.

LEE BOWMAN's new United Artists-TVventure, Miami Undercover, is about a private-eye who uncovers crime in Miami. It'll probably be news to the Miami Chamber of Commerce but the base of Bowman's felony-foraging will be the swank Eden Roc Hotel!

Shirley Temple Storybook pro-

ducer Henry Jaffe is luring Louis Prima and Keely Smith to co-star in a live color-hour on NBC-TV this fall. It'll be musical, natch, with guest stars.

DEBRA PAGET pouted to this reporter a year ago about the network censors — she called them "those little men with horn-rimmed glasses"—for "de-sexing" her sexy dances on a 1958 Steve Allen show. So today (March 13) she's guesting with horn-rimmed Steve.

Esther Williams is waiting too. She cancelled out on her deal to do a series for Fox-TV "because they're still acting like a big movie studio," refusing to let her have a "flexible format" and "hampering" her in her own ideas about what a series should be. Her format? She wants to swim in one segment, act in another, rotating between comedy and drama. But the Foxites wouldn't see it her way and that's why she has opened negotiations with CBS-TV and Four Star steersman Dick Powell.

THE BUDDY BREGMAN Music Box bowed off the beam last Sunday (March 8) but NBC-TV is still stuck with Anna Maria Alberghetti's ever-juicy "lad. The network signed him for 13 shows; he has only done eight; but a contract's a contract to the NBChatters are taking the unusual step of telecasting the paying for the five additional segments, at a cost of \$75,000-per-show. The web will shelve the tapes, keeping them on hand for possible summer replacements or "filler" duty.

Don't have a crying orgy over Lonesome George Gobel just because NBC has cut the comic loose after his fiasco with Eddie Fisher. CBS and ABC are both goading Gobel for a fall fling; besides he'll be bundling up bales of bodice; two BBC-TV specs in England June 15 and July 6; a four-week stand in a Las Vegas resort, four more at New York's Waldorf-Astoria and two more in Lake Tahoe; and a guesting on Roy Rogers' April 26 Chevy Show.

ROD SERLING, Enfant Terrible of the Teledramas, finally got an okay from Playhouse 90 to give a tremendously controversial issue the full dramatic works. He's scripting in for the May 23 Playhouse, it's titled "Rank and File," and it deals with a subject that's been strictly TVboten to date: labor union corruption.

Bantam Books begs to report that TV is a potent selling medium, something I learned a long time ago when Ralph Edwards, Ed Sullivan and Walter Winchell helped push a project of Lillian Roth, Gerold Frank and mine, "I'll Cry Tomorrow," into best-sellerdom. Paperback publishers are prating that since the telecast of the world's championship bridge tourney they've sold 750,000 copies of "Goren Presents the Italian Bridge System"—and still going strong.

ing areas, its unique recreational attractions and diversified merchandising, we expect the center to draw a sizable flow of trade from outlying sectors. These out-of-town shoppers will have a stimulative effect on Palm Spring's entire economy."

Plans for the bowling alley call for the incorporation of every new feature that engineering, research and modern architecture and interior design have devised for spacious, luxurious and comfortable facilities, said Ryan.

The facilities will include a coffee shop cocktail lounge, locker rooms for men and women, automatic pin setting machines and supervised indoor and outdoor play areas for children.

THE LATTER AREA will be lighted at night and made available for teenage dances. Incidentally, the center's entire lighting system will be covered so as not to interfere with adjacent property owner.

Liberal use of native stones, a fountain and utilization of desert plants will be some of the center's decorative features.

The bowling alley, skating rink and shops will be served by paved and covered walkways and will

be easily accessible to the beautifully landscaped acres of parking stalls.

AN ADDITIONAL beautification feature of the center will be a 60-foot strip of landscaping along its perimeter and the 40-foot road that bisects it.

Leasing agents for the center's business sites are the Phillip Lyon Co., 3670 Wilshire Blvd., Los Angeles. The firm is nationally known as shopping center specialists. Architects are Robert J. Mayer and Associates, A.I.A., designers of such well known shopping centers as the Eastport Plaza in Portland, Ore.

Prison Term Follows Jury's Guilty Verdict

A 26-year-old Cathedral City man headed for San Quentin today and the beginning of a three-year-to-life sentence for rape.

Robert Cecil White, Cathedral City roofing company employee, was sentenced to the state penitentiary for "the full term prescribed by law" by Superior Court Judge Hilton H. McCabe.

A Superior Court jury convicted White of raping a 20-year-old Banning model at the swimming pool of a vacated Village home following a midnight drinking party last Aug. 23.

The penalty provided by law calls for a state prison term of not less than three years and a maximum of life imprisonment.

CO-DEVELOPER RAY RYAN and architect Charles Kanior, of Robert J. Mayer & Associates, display artist's sketch of the new Palm Springs Shopping Center's bowling alley and ice skating rink near the city's civic center. Ryan, on behalf of himself and Seeterra, Inc., announced that a 16-lane modern bowling alley, expandable to 32 alleys, will be the first unit to be constructed, with completion scheduled for October. In his announcement Ryan disclosed that major recreational facilities will play a leading role in the Center's operations. (Desert Sun Photo)

RUHNAU FINALLY GIVEN CONTRACT

Faced with a strong recommendation by Administrative Officer Robert T. Andersen that they employ an architect for the \$920,000 county fair building project in Indio, the unanimous vote of the fair board recommending approval of a contract with Herman O. Ruhnau, Riverside architect, and a telegram from A. E. Snyder, chief of the State Fairs and Expositions Division advising the employment of a fully qualified architect, the Board of Supervisors finally voted approval this week of the Ruhnau contract.

The controversy which has continued over a two-months period was touched off when Supervisor George Berkey charged that all architects other than Ruhnau had been "frozen out" of making any presentation to the fair board. He asked that action on the fair board's recommendation for approval of the Ruhnau contract be withheld until other architects had been given time to submit proposals.

OUTCOME OF the delay was one bid presented to the board by the Indio firm of Moore & Hussey together with Walter D. Hesser, a Los Angeles engineer. The fee was 3 1/4 per cent, considerably less than the fee of 6 per cent submitted by Ruhnau, but the Indio firm's bid was later disqualified because neither Moore nor Hussey are registered architects or engineers, and re-submitted by Hesser alone, as an engineer, not as an architect.

Obviously unhappy over the outcome of the Indio firm's low fee proposal, Supervisor Berkey declared, "The cheaper bid has taken on a new character. Now it's Hesser alone, not necessarily in connection with Moore & Hussey. I don't know much about Hesser, though I've heard rumors that he had something to do with the Empire State building. If we contracted with him we don't know who'd be on the job to supervise it."

"I DON'T SEE that we have any alternative to give the job to Ruhnau. The administrative officer recommends it and so does the fair board, though I don't believe the fair board had all the facts they should have had. The wire from the chief of state fair division has to be considered too, so it behooves us to play ball. The state is putting up the money with them."

"I'm unhappy with the situation," agreed Supervisor Paul Anderson. "We've 'unbided' around, and a lot of people have spent a lot of time on this."

Berkey charged that the fair board never received a proposal submitted last October, to Fair Manager Bob Fullenwider by a Beverly Hills firm, Arthur Froehlich & Associates. He said the chairman of the board, Bert Farmer of Thermal, told him the Froehlich proposal had never been brought to his attention.

ern bowling alley, expandable to 32 alleys, will be the first unit to be constructed, with completion scheduled for October. In his announcement Ryan disclosed that major recreational facilities will play a leading role in the Center's operations. (Desert Sun Photo)

Water Problems To Be Discussed

Desert area Chambers of Commerce have been invited to hear a careful delineation of "You and Your County's Water Problems" at a noon luncheon meeting of the Riverside County Association of Chambers of Commerce on Tuesday in Riverside.

Everett L. Grubb, general manager of the Western Municipal Water Company will discuss the status of county water at the meeting.

The luncheon, which is to cost \$1.75, is scheduled for the La Paloma Restaurant in Riverside. A director's meeting, at 10:30 a.m., will precede the luncheon.

Against Youth

Child Molesting Charge Filed

An 18-year-old Palm Springs youth is in custody today charged with child molesting, after he was arrested within 15 minutes of the alleged crime hiding in a linen closet of a local hotel.

The youth was charged with attacking an 11-year-old elementary school girl as she was going back to school from lunch.

MRS. MYRA HARRIS, 788 Riverside Drive, heard the girl crying and looked out the window to see her being chased by the youth.

She notified the police, and Officer Neal Green answered the call, and from the girl's description of her assailant, went directly to the hotel and arrested the youth.

THE GIRL WAS attacked as she crossed the bridge across the Tahquitz Wash, and in fighting free from her attacker, scratched

him on the left arm. Police found the scratches on the suspect, who reportedly signed a confession of the deed.

Detective Robert Davis is in charge of the case.

Last Big Gate for Robinson?

By OSCAR FRALEY
United Press International

NEW YORK (UP) — Archie Moore and Ray Robinson are headed today for a one million dollar light heavyweight date which well could be Sugar Ray's last big payoff.

Jack Dempsey summed it up once in analyzing what happens when a boxer reaches the end of the road. The old Manassa Mauler doubled up a fist which looked bigger than any grapefruit you ever saw and stared at it somberly.

"You never lose the punch," he insisted. "The legs go and you can't move, but you never lose the punch."

BUT THOSE TWO points—falling legs and surging power—spell a frightening prophecy for Sugar Ray. His amazing, flashing speed of foot is gone and, even though he has won back the middleweight crown three times since his return from a two and one-half year retirement, he has been a shuffling, flat-footed caricature of the man once known as the dancing dynamiter.

These will be two old men in action, whenever and wherever he fights Archie this summer or fall, as they surely will. Sugar Ray at 39 has lost that sleek, tigerish look which was his back in the days when nobody could lay a glove on him. He gets hit now; hard, solid and often.

IT IS TRUE that Archie is "only" 43 by his own claim but his mother fixes his age at 46. He doesn't look it. Archie, using his own secret reducing formula, can pare down from 200 pounds to 175 as quickly as somebody else can put up a lush guarantee for a title defense. Meanwhile, he gets fat thriving on the breed of heavyweights in operation today.

But he has—and according to the Dempsey estimate—will always have that lethal punch which knocked down Rocky Marciano and has sent more men into limbo than any other fighter in history. Even at 175 pounds he is a heavyweight puncher.

SUGAR RAY, TOO, was always a heavy hitter. But there is a difference in knocking out a 150 or a 160-pounder and a 175-pounder, and of late the slowing Sugar Ray even has had trouble stowing away the former.

Robinson's speed is gone and Archie at any age still has that fearsome punch. It could mark the end of the boxing tourney, at long last, for Robinson.

Dr. Grau was speaker at the meeting which started at 10 a.m. and lasted until 4 p.m. Mayor Bogert told the group that he

Kansas State and Cincinnati Clash In Game of Year

By FRED DOWN
United Press International

Kansas State and Cincinnati meet tonight in a head-on clash that will produce an add-on favorite in an NCAA basketball tournament that already has become a carnival of upsets.

Kansas State, the nation's No. 1 team, and fourth-ranked Cincinnati were the most impressive winners Friday night in regional playoffs that saw second-ranked Kentucky and Navy's "team named desire" whipped by underdogs. The big meeting between Kansas State and Cincinnati at Lawrence, Kan., features a clash of All-Americans Bob Boozer and Oscar Robertson in what could be "the game of the year."

Play at all four sites continues tonight with West Virginia opposing Boston University at Charlotte, N. C., Louisville playing Michigan State at Evanston, Ill., and St. Mary's, Calif., facing California at San Francisco, in addition to the "big one" at Lawrence.

A national odds-making syndicate established Kansas State as a five-point favorite over Cincinnati, West Virginia 10 over Boston University, Michigan State four over Louisville and California two over St. Mary's.

Bahama Wants Shot at British Middle Crown

NEW YORK (UP) — West Indian Yama Bahama challenged today for a shot at the British middleweight crown on the strength of Friday night's upset victory over Wilf Greaves, champion of Canada, at Madison Square Garden.

Bahama said, "I want the shot at empire champion Dick Tiger of Nigeria. Greaves was supposed to get the fight with Tiger next month at London, but I deserve it now because I beat him."

Twenty-six-year-old Yama, a former fishing guide from the island of Bimini, was fighting officially as a middleweight for the first time Friday night, and he was out-weighted 160½ pounds to 153½. But he won the unanimous decision in their 10-round TV fight. Wilf was favored at 7-5.

Snider Off to Best Start in Many Years

VERO BEACH, Fla. (UP) — Duke Snider is off to his best start in years, which is welcome news to manager Walter Alston, who is depending on his star slugger to lead the Dodgers back into the first division.

"I'm ready to play nine innings any time," says Snider.
The Duke, who started out in three of the Dodgers' first four games and managed to play at least a couple of innings in all four, said he was far ahead of last year when his injured left knee.

was the No. 1 Dodger sore spot. Last year Snider didn't make an appearance in the spring training exhibition games until the Los Angeles team had played 16 exhibition.

"What I need most now is a lot of batting practice," he said. "My knee feels fine, my timing is a little off."

"I never start to pull the ball until about two weeks before the season opens. I don't know why, but I've yet to hit more than two or three home runs in the spring."

Braves Need More Than Man at Second

BRADENTON, Fla. (UP) — The Milwaukee Braves, based on their early spring training games, are going to need more than a new second baseman to win the National League pennant again this season.

Birdie Tebbets, the Braves' new vice president, and general manager John McHale have been visiting the training camps hunting for a replacement for hospitalized Red Schoendienst. However, manager Fred Haney is equally concerned over his pitching staff.

The Braves' hurlers have given up 27 hits in their last two exhibition games. Carlton Willey, Bob Buhl and Dale Hendrickson gave up 17 hits in a 13-7 loss to the Phillies Wednesday, then the White Sox bombed Bob Trowbridge and Juan Pizarro for 10 hits Friday while rolling to a 7-1 victory.

MILWAUKEE NOW HAS won only two of its first six games on the Grapefruit circuit. Oddly, those two victories were posted against the world champion Yankees.

Jeery Nelson, a rookie right-hander up from Austin of the Texas League, was the only Milwaukee pitcher who could handle the White Sox in Friday's loss at Bradenton, Fla. He pitched hitless ball over the final three innings, duplicating his three-inning stint against the Yankees earlier this week.

THE YANKEES, who also have been having their troubles this spring, finally turned their big guns loose against the Detroit Tigers, pounding out 18 hits for a 14-1 victory. Mickey Mantle, sidelined earlier this week with a sore shoulder, hit his first home run of the training season in the eighth inning to break a 8-8 deadlock.
Elsto Howard, Bill Skowron, Bobby Richardson and Norm Sieben also homered for the Yankees. Despite this great show of power, manager Casey Stengel was dismayed over the pitching of World Series hero Bob Turley, who was raked for six hits and six runs in the first three innings.

Woodcraft, despite their drop, rolled the high team series, 2963 with P.S. Mirror's 2734 second and Hoams' 2719 third.

Suggs and Smith Tied for Lead in Georgia Tourney

AUGUSTA, Ga. (UP) — Three-time champion Louise Suggs of Sea Island, Ga., and 22-year-old Wilkie Smith of St. Clair, Mich., who wasn't even born when Miss Suggs started playing golf, shared the lead today going into the third round of the women's title-holders tournament.

Miss Suggs, 35, fired a trio of birdies on the back nine Friday to post a second round, 2-under-par 75. This gave her a 36-hole total of 131 and a tie with Miss Smith, who led the first day and was five strokes ahead of the field at Thursday's midway point. Wilkie's lead evaporated in a series of back nine traps and she settled for a 76 to go with her opening day 75.

ORIOLES NOT READY YET

Tigers to be Threat Declares Richards

By LEO H. PETERSON, UPI Sports Editor

MIAMI, Fla. (UPI) — Paul Richards jumped on the Detroit bandwagon today, calling the Tigers "the only club in the league which has improved" and the only one with any real chance to beat the Yankees.

The manager of the Baltimore Orioles isn't optimistic about his own club's chances.

"Our kids are still a year or two away," he pointed out. "I don't see any club in the league which has improved except Detroit. I don't know whether they will catch the Yankees, but I figure they have the best chance."

HE THINKS Ray Narleski and Don Mossi "will be a big help" to the Tigers.

"Last year they hurt for relief pitching," Richards said. "That bullpen weakness meant the Tigers had to go too far with their starters. Narleski and Mossi could change that."

He rates his own pitching as "strong."

"We need hitting," he added. "And you can't buy that. You just have to wait for the kids to develop."

Just as he said that, Dave Nicholson, one of the highest priced bonus players in the game, belted one out of the park.

"THE KID CAN'T miss," Richards declares. "All he does is flick the ball and it goes out of the park. But like so many of our youngsters, he needs more experience."

"I just wish I had 30 Nicholson's around."

Nicholson, an outfielder, is only 19. The Orioles paid a reputed \$100,000 to sign him.

"When you see a kid like him you have to be optimistic about the future. You just have to wait for them to develop and you never know how long it will be."

"OUR FARM SYSTEM is starting to produce. But we're in the same position as Kansas City and some other clubs. Our kids aren't ready yet and no club will sell an established star for cash. So until the kids are ready we just have to go along with the best available. You don't win pennants with the kind of players available on the market today."

"I do know, however, that what we have available this year, we don't expect to be up there with the clubs like the Yankees and Tigers."

Tribe Wins 8-1 Over Mary Star

Palm Springs Indians took their first baseball game of the season yesterday at the Polo Grounds when they defeated the Mary Star school team of Los Angeles, 8 to 1 in an abbreviated game, called at the end of the first half of the fifth by darkness.

Bobby Flores went the route for the Tribe and allowed five hits. He received good support from his teammates.

Mary Star threw an assortment of pitchers into the fray and most of them were wild, putting many Indians on the paths. The visitors also had trouble in handling the ball in the infield, enabling the Indians to score eight times on seven hits.

The two teams went into action again this morning at 10:30 in the second of a two-game series.

'Judas Iscariot' To Be Subject At Community

CATHEDRAL CITY — Rev. James W. Arnold will discuss "Judas Iscariot — A Man of Compromise" as another in his series on The Men Who Followed Christ at 11 a.m., Sunday, in the Community Church of Cathedral City.

A Moravian folk tune, "Go Congregation Go" will be featured by the Adult-Youth Choir with Al Lake featured in a tenor solo.

Sunday school begins at 9:30 a.m. for all age groups and nursery care is provided during morning worship.

A Sunday evening instruction class is being conducted by Rev. Arnold in his home at 7:30 p.m. The pastor's manse is located at 575 D Street.

Rose Eiken Rite To Be Held Here At Noon Sunday

Funeral will be held at noon, Sunday, for Rose Eiken, a Village resident for only six months, who died Wednesday in Desert Hospital. She was 80.

A native of Hungary, Miss Eiken had been a California resident for 30 years, 14 years of that period in Hollywood.

The funeral, scheduled for Wednesday at 11 a.m., was arranged by Madame Francine Chevrel, a friend of the deceased. There were no survivors.

Interment is to follow the funeral at Montecito Crematorium.

Lesson-Sermon Sunday Defines True Substance

"Thy mercy, O Lord, is in the heavens; and they faithfully reacheth unto the clouds." So sings of the Psalmist in the Golden Text of the Lesson-Sermon on "Substance" to be heard in all Christian Science churches on Sunday. (36:5)

Peter's words stress the essence of true substance in these promises from his second epistle: "Grace and peace be multiplied unto you through the knowledge of God, and of Jesus our Lord . . . And besides this, giving all diligence, add to your faith virtue; and to virtue knowledge; and to knowledge temperance; and to temperance patience; and to patience godliness; and to godliness brotherly kindness; and to brotherly kindness charity . . . For so an entrance shall be ministered unto you abundantly into the everlasting kingdom of our Lord and Saviour Jesus Christ" (1:2, 5-7, 11)

In a correlative passage from "Science and Health with Key to the Scriptures" Mary Baker Eddy declares, "How true it is that whatever is learned through material sense must be lost because such so-called knowledge is reversed by the spiritual facts of being in Science. That which material sense calls intangible, is found to be substance. What to material sense seems substance, becomes nothingness, as the sense-dream vanishes and reality appears" (p. 312).

A new machine translates music from tape, records, radio or electronic organ into moving colors projected on a wall.

CURIOSITY SEEKERS on the road between Yucca Village and Joshua Tree have wondered about this group of buildings, which will open for the first time Sunday. Dr. Edwin J. Dingle, founder of the Science of Mentalphysics, said that the edifice will be known as the First Sanctuary of Mystic Christianity and will open for services at 2:45 p.m. Sunday. A light meal is planned to follow the rite, with a minimal donation to be asked. Now in its thirty-second year, the Institute of Mentalphysics is inter-denominational and "is not intended to replace anyone's religion."

FIGHT AGAINST COMMUNISM IN PHILIPPINES RELATED

An inspiring tale detailing how the Catholic and Protestant clergy and missionaries in the Philippines joined forces to face the ideological threat of Communism was retold here yesterday by a man who had a hand in it.

He is Father Daniel Leen, a Catholic missionary now awaiting his next assignment.

LEEN SPENT NEARLY eight years in the Philippines — some of it under authoritarian Communist domination — and watched the natives of the archipelago waiver between the choice of Communism and Democracy.

"The Communists became well entrenched at Panay, where I was first assigned," the 34-year-old priest recalled. "But the natives gradually came to reject them."

"At Negros, where I was for nearly seven years, the Communists never had a chance. Every attempt they made to create dissension and unrest was thrown off by the natives."

"The Reds were told — in no uncertain terms — that Negroes

FATHER DANIEL LEEN

natives wanted no part of their ideology."

WHAT THE IRISH-BORN priest considers amazing about the victory of Western ideology was the manner in which all religions allied themselves for the showdown with the atheistic doctrine. "It was reassuring to see differences between the various other faiths and Catholicism abandoned for the battle with the Reds," he said.

Father Leen, who had charge

of instruction for some 4,000 Philippine students each year, actually looks more like a student than a priest himself.

Alert, good-looking, with a mop of brown hair and blue eyes that come alive when he speaks of something dear to his heart, the missionary minimized the toil and struggle he underwent in the Philippines.

"NOT ME," he said. "I asked to go."

"The ones who are making the huge sacrifice are American laymen—men versed in soil conservation, agriculture, machinery—who could live and work in the luxury of their native land but who have responded to the great need of the Philippines."

"It is heartwarming to have American economic aid — but without direction it would be of little value."

Now virtually dispelled, the Red threat in the Philippines is still the subject of close scrutiny. But not by religious or governmental groups.

"LEADERSHIP is now being provided by the natives themselves," Father Leen said. "They take a new nation's pride in leading themselves and guarding their freedom."

The priest said that he is keeping close contact with the state of Philippine affairs while sojourning here. He is staying in the parish at St. Louis Catholic Church in Cathedral City where he says two masses each Sunday.

His or her identity is of course, a well-kept secret and the award will come, as a complete surprise to the individual being honored.

P. Manasse, Ray Ryan.

GODDESS OF THE FOREST is the name of this monumental sculpture made from California redwood, that is the work of Dudley C. Carter. Carter, who is now in Palm Springs is going to carve another such figure as a gift to the Palm Springs Auxiliary of the Crippled Children's Foundation at Desert Hot Springs, and most of the work on the gigantic project will be done here so Villagers may watch.

Sculptor Donates Work

Dudley C. Carter, noted sculptor, showed pictures of his work that has brought him widespread recognition, and told about his plans to carve a monumental piece of sculpture from seasoned California redwood, as a gift to the Foundation, when he appeared before the Palm Springs Auxiliary of the Angel View Crippled Children's Foundation at their meeting this week.

Now a resident of Seattle, Carter was born in Queen's Park, New Westminster, British Columbia, of a pioneer logging family. It was this experience, together with his life among the totem-carving Indians, which provided the background inspiring his life's work. His work is not only distinguished for its magnitude but has appeared at the California Exposition in 1940 and other places and received recognition.

The greater part of the proposed new sculpture will be done in the Village so all may watch the progress of the work.

Inspired by the cool, restful loveliness of the Tennis Club's Venetian Room, decorated with vases of gladioli, the members of the Auxiliary held its third meeting in a spirit of "togetherness." The purpose—"to think pink."

Not content with "resting on their laurels" after a highly satisfactory Membership Tea given last week at the Tennis Club, these busy, busy women went "into orbit" with the business of launching future fund raising events.

Mrs. Jack Copass, president, greeted members and guests and announced there are now 210 members in the new Auxiliary and four life members. Anyone donating \$100, or more, automatically becomes a life member in the foundation. The President outlined the work of the Foundation and reminded those present of the great privilege of being an "active" member of the foundation; adding that this work will become internationally known.

Members of the executive board present were: Mmes. Bruno Di Grandi, Martha Isaacson, Frank Bogert, Eunie Dunlevie, John Seamans, G. Harry Grimm.

Among projects of importance discussed was an "Angel Float" in the Desert Circus Parade, that will be literally "floating" in pink carnations. The report that the City Council had approved that all funds derived from the coca-cola concession during the parade be donated to the Foundation was enthusiastically received by the members.

Various committees were thanked for their efforts and help including Mr. and Mrs. Sam Black, printers, who have made their second contribution of 250 membership cards to the Auxiliary.

Mrs. Sarah Weiss, member of board of directors of the foundation at Desert Hot Springs, reported on the activities of the members of the Desert Hot Springs Auxiliary.

Mrs. Aaron Eaton, public relations chairman of Desert Hot Springs Auxiliary, announced that the Teen Angels now have three sponsors, Mmes. Barbara Herman, Dee Simon and Taylor Dunlevie and soon will have their own organization functioning in behalf of the Foundation.

Tartar sauce for fish is made quickly by mixing a teaspoon each of instant minced onion and water. Let stand a few minutes, then add mayonnaise, chopped parsley, pickle relish and a squeeze of lemon juice.

A quick barbecue basting sauce combines 3 ingredients: 1 12-ounce bottle hot ketchup, 1/4 cup vinegar and 2 tablespoons Worcestershire sauce. Makes 1 1/2 cups. Unused sauce should be refrigerated.

TREASURER OF THE UNITED STATES, Mrs. Ivy Baker Priest was entertained at a dinner and dancing party at Howard Manor, during her brief visit here this

The Story of Silk Easter Favorite
By CARMEN SHELTON

Silk, precious fabric of legend and history, originated in China over 4,000 years ago. Secret of making it was closely guarded and China monopolized the world trade. About 300 A.D. silk workers in China were being persecuted and they fled to Korea, taking the secrets with them. Silk experts then carried the secrets to Japan, where the soil and industry of the people made silk one of the world's great industries. For over 1,000 years the Japanese people took this superb fibre to their hearts. Almost every farming family planted mulberry seedlings during the 1930's to amplify their small incomes. When World War II broke out, access was lost to the Japanese silk, and other fibres by necessity and invention took its place. Since the close of the war, the use of silk gradually has increased, and the Japanese people, with their deep affinity for silk as a thing of beauty, have studied new needs of world markets, and new uses for it. Women in America appreciate its qualities—its prestige—appearance—feel of luxury, beauty of color. Men are becoming converts to silk because of its lightness, wearability, and because it is difficult to wrinkle, cleans easily—above all, is handsome. American shops display silk proudly. At SHELTON'S, in India, there is a wealth of new silken fabrics, fashions for resort—for spring—for Easter!—from the looms of Skinner, Belding, American Silk Mills. Silk linen by Skinner is fashion's darling for the silk coat, to harmonize or contrast with the printed silk dress . . . a "must" for the Easter parade. Shelton's has a special service in which customers may order Colour silk taffetas, crepes, serge and satins direct from New York. For the home, sample books are kept of silks by Scalmanandre, the name that stands for superlative quality and distinction. Shop for these in India—or Mrs. Shelton can be consulted in the Palm Desert Drapery Sample shop by appointment—Adv.

Easter Hats May Be Made Out of Paper

NEW YORK — (UPI) — Around Manhattan:

Our Easter bonnets of the future may be made of paper.

For several seasons now, the researchers have been forecasting paper dresses which, once soiled, can be tossed aside like a used tissue. I've not seen any of those dresses, but this week I got an eyeful of paper hats.

They're the brain children of a young, Boston-born milliner named William J., and American Cyanamid, which sells chemicals to the paper manufacturers.

These hats are not necessarily what you will see on the first passenger rocket to the moon," said the designer, who "hats" some of Manhattan's more glamorous females.

But they're guaranteed to start conversation on earth. His "turbo turban" takes off into the air like the mushroom-shaped cloud from an H-bomb explosion.

One "space" bonnet is made of accordion-pleated paper and if the designer doesn't object to one woman's opinion, it looks more like lampshade than chapeau. Still others resemble inverted salad bowls.

William J. produced the hats as a promotion gimmick for Cyanamid, which said they are not destined for hat departments. At least not yet. The firm just wanted to show what can be done with finish, dye and printing to make paper look like silks, straws or even laces.

ACTRESS-SINGER, pretty and talented Sue Ane Langdon, will lend a note of youth and beauty to the next Playhouse production "You Never Know," which opens Tuesday for a week's run. She will be singing the beautiful Cole Porter music that brightens this play.

Cole Porter Music in Next Week's Play 'You Never Know'

Palm Springs Playhouse will be filled with music, when Michael and Marrian Ferrall present the charming, romantic comedy "You Never Know," Tuesday evening, March 17.

Based on the play and movie, "By Candlelight" this musical version, with songs by Cole Porter, features the lovely young singer and actress Sue Ane Langdon, who recently toured the country with the "Most Happy Fellow" cast; and Wayne Tucker, who sang in "Cabinet Concert" in Los Angeles.

Playing the role of "The Baron" will be Jack Eureka, who comes to the Playhouse with a list of Broadway musical comedy hits in his background, including "Annie Get Your Gun," "Brigadoon," "Beggars Opera," and eight seasons of summer stock at the famous Kennebunkport, Maine, Little Theatre.

Among the dozen or more songs written by Cole Porter for this comedy with music, is the ever popular "It's De-Lovely." The plot itself revolves around a deliberate case of double-mistaken identity, and makes for situations filled with sparkling and witty dialogue. Adding their always delightful presence to the cast will be two regular members of the Palm Springs Playhouse, Christy Palmer, and, playing the "Baroness," Phyllis Flax.

"You Never Know" will continue

Pinafores Needed for Pinafore Girls

Grandmothers who are interested in girls and women with time to devote to it, are being asked to lend a hand in a worthy project.

Palm Springs High School Pinafores, the pretty young girls in the striped pinafores whose assistance at civic affairs has drawn favorable comment, are in need of some help themselves.

There are Pinafore Girls with no pinafores, and the High School P-TA is appealing for help in sewing or just in cutting out patterns.

For those wishing to help, but having no sewing machine, the High School Homemaking Room is free from noon to 4 p. m. each day.

Anyone willing to lend a hand is asked to call Mrs. Parks at the High School, FA 4-1231.

Plan Program of Events for Every Day of Easter Week

Palm Springs' best-known landmark El Mirador's Tower of the Stars, will this year look down on its most colorful Easter celebration to date. It's longest, too, as the El Mirador Easter program will be a week-long affair, in charge of social director Maria Brown.

Starting Monday, March 23, the program includes a hike up picturesque Tahquitz Falls; the Desert Steak Ride on Tuesday night, with transportation by trolley, stagecoach and horseback to the foot of Mt. San Jacinto; the Bavarian Beer Festival that is a weekly feature; a day-long fun excursion, Thursday; a motorcade to Whitewater for a Friday Fish Fry; and an aquacade on Saturday, topped off by a Starlite Patio party

for youngsters, 6 - 12, Saturday night with rock-and-roll music for dancing.

Crowning Easter fete activity will be El Mirador's annual egg rolling contest on its expansive and beautifully kept lawns. A hunt for the smallest and largest eggs as well as silver and golden eggs will follow. There will be handsome prizes for these competitions along with booby prizes for those discovering pink eggs.

Special Easter entertainment will embellish the hotel's concluding event of the fun-filled week, the popular Sunday Brunch. Tex Kidwell, the singing Master of Ceremonies of this traditional event, has always come up with rare Easter flavored treats for the Easter Sunday Brunch.

Dear Abby...

DEAR ABBY: Every time my mother-in-law comes over to see me she falls down. I can smell the liquor on her breath three feet away but she says she hasn't had a drop. She tries to tell me my floor slants. Nobody else falls here. I would like to let her know once and for all that I am wise to her condition and she is not getting away with the excuse that my floor slants. Another thing, if she falls here again and breaks her leg or something, I understand that we are hooked for the doctor bills. I wish you'd help me figure this out without causing a family fight.

DEAR ABBY: My wife has started to call me "Lardy." I admit I'm getting a little chubby around the middle. I am 47 years old and it's not as easy to take off weight as it used to be. Do you know of any exercise that will slim me down?

DEAR ABBY: We are having the worst time with our twelve-year-old son. He shows a great talent for music. He can go to the piano and pick out a tune and he even plays the drum in the school band after only a few hours of coaching. Our problem is that we want to give him piano lessons but he doesn't want to take

see her coming, lead her to a chair lest she get fractured literally as well as figuratively. Someone in the family should get to the bottom of her trouble before she gets to the bottom of the bottle. The poor soul needs help.

DEAR ABBY: May I tell PHILOSOPHER that one of the reasons our government is spending millions of dollars to explore outer space is because if we didn't the Russians would wipe us off the face of the earth. PHILOSOPHER said, "If the good Lord wanted us to get to the moon he would have built a bridge." I wonder how many of your readers remember when the Wright brothers declared that man could fly and all the old fuddy duds said, "If the good Lord intended for us to fly he would have given us wings!" God doesn't give us wings or build

bridges. He just gives us intelligence and lets us figure it out for ourselves.

5 Reasons Why This Is The Buy In a 5-Acre Ranch With Home and Income

1. RETURNS A PROFIT

This "Bit O' Paradise" is one place where you can buy a home and have your water, electricity, etc., even taxes, paid by income from crops produced. Yes, your family and friends can eat all the oranges, grapefruit, tangerines, lemons and dates they desire and still enjoy an extra bonus of some hundred dollars of cash profit each year to spend as desired.

2. PERFECT LOCATION

In the center of the fast growing Country Club area south of Palm Springs. More than 300 feet of frontage on a paved highway, yet quiet, secluded and sheltered. Ripe for subdivision if and when desired. This section increasing in value rapidly.

3. MODERN HOME

Attractive, comfortable, refrigerated, livable, two-bedroom custom built residence with all conveniences. Ready to move into. Immediate possession at close of escrow.

4. FULLY DEVELOPED

Every tree in this well groomed garden is in full bearing. Ample water and irrigation at the turn of a valve. No management or help problem. You can enjoy seeing your crop grow and sell it on the trees. Nothing more to do or pay for. It is a well established profitable operation.

5. PRICE IS RIGHT

Reduced from \$49,500 to \$39,500 for quick sale, \$9500 down and balance of \$30,000 on easy terms at only 6% interest. Many people have paid as much for a small home, on a small lot, with high expenses and no income.

Only reason this ranch for sale is that owner must return East to take care of his business there.

Sewer Plant Solution Seen With Return of Supervisor

Residents from the Vista del Cielo tract, located near the Palm Springs sewer disposal plant, appeared before the City Council this week to seek a solution on the odor coming from the plant, as well as the lines which lead past their homes.

Adamant over the fact that they believed that the plant was

"overloaded" thereby causing the pungent odor, their worries were quickly dispelled by the city administration statement that "it is not overloaded." It was pointed out that it was caused by the way the plant was being handled.

THE CITY A few weeks ago, lost its sewer plant supervisor, Andy Anderson, who resigned, and since then, officials said, the operation of the plant has not been "up to par."

Last night the council approved the re-hiring of Anderson, and to-

day he is back on the job with the promise that most of the odor will be eliminated.

Both Max and Erna Reese, 975 Paseo Dorotea, told the council of the "terrible odor" which is coming from the plant and asked the city if they couldn't do something about the "exposed" pipe which runs across the road at the plant site.

Railroads Seek Less Regulation, Lions Club Told

Less government regulation is what the railroads ask of the Congress this year to enable them to move ahead with transportation services the nation needs, Palm Springs Lions Club were told at its luncheon meeting at the Chi Chi.

H. Brad Atwood, assistant public relations manager for Southern Pacific Co., said the industry wants no handout but is handicapped by outdated regulation.

THE U. S. NOW needs and always will need strong railroads to back its commerce and national defense, Atwood contended, and first responsibility for providing them rests with railroad management.

"But management can make progress only if regulations from the old days of railroad monopoly are modified. The Congress holds the answers, and it will be encouraged to act if an aroused public gives it a push," he declared.

GREATEST SINGLE need of the rails is permission to diversify as other modern businesses do, so that these experienced railroads may operate the other forms of transportation they are so well qualified to offer.

"A truly economic competition would allow each form of transportation to find its own logical place," Atwood said, "but this won't happen until government gets out of the picture entirely or railroads obtain equal rights."

Hanson Back From Visits

PALM DESERT — Bob Hanson of the Palm Desert Shopping Center, returned this week from a 10-day trip to Pennsylvania, Michigan and New Mexico.

In Detroit he visited his daughter and son-in-law, Mr. and Mrs. P. R. Helm, and in Albuquerque he stayed for a few days with his second daughter and son, Capt. and Mrs. Warren Flaherty.

cars bounce and clatter over the pipe, and their fear of the pipe breaking.

Another resident of the area said that he believed that the plant was a sanitary problem. "It not only smells terrible, but I have

seen people out at the ponds, apparently wading in them."

Not only were reports made on what the residents around the sewer plant saw and heard, but questions were asked to how long it would be before the new plant, for which bond money was voted, would be built and whether some improvements could not be made to help the matter.

The city reported that now that Anderson is back on the job, ev-

everything possible would be done to clear up the situation.

COUNCILMAN LEONARD Wolf said that it would take about a

year after the plans for the new plant are finished to complete it. "It will possibly be in the summer of 1960 before the plant is in operation," he said.

Councilwoman Ruth Hardy said that "everything should be done to improve the situation until the new plant is constructed. "These people in the Desert - Veterans

tract did a lot in helping us get the sewer bonds passed, and we owe it to them to do all we can to keep the odor out."

Getting Together

HOLLYWOOD (UPI) — Guy Williams, Tom Tryon and Robert Loggia, each of whom has won fame on the Walt Disney television shows, will be together for Disney Studio's new high-budget epic, "Gold."

Call Me Maggie

HOLLYWOOD (UPI) — Marjorie Lord, a star of the Danny Thomas show, says she hates her name and would prefer to be called Maggie.

"I think 'Maggie' has more allure," she said.
